

**For people with
Alzheimer's
there's no time to lose.**

A research study – ICARA - is now under way to explore a possible new investigational treatment for Alzheimer's disease.

You may be eligible to participate in the ICARA study if you:

- Are 50 to 88 years old
- Have a diagnosis of probable Alzheimer's disease

In addition to receiving study-related physical exams and laboratory services at no charge, participants may receive study medication and will be monitored by a medical team including a nurse or study coordinator and a physician.

Ask your doctor if the ICARA study is right for you.
