

Do you have a family member or loved one who has  
been diagnosed  
with any of the following:

**Alzheimer's disease - Multiple sclerosis -  
Parkinson's disease  
Huntington's disease or Cardiovascular  
disorders?**

If so, and they would be interested in having small amounts  
of blood collected to help continue research studies on this  
brain-debilitating condition, contact the location nearest  
you.

**Roskamp Institute  
Clinical Trials Division**
